

PLANEA

Fresh, colourful creativity. The matt, smooth surface emphasises the clear, light and intense colours and thus creates a particularly expressive effect.

PLANEA

Planea is a naturally dried grey fibre cement panel with an opaque, strong surface coating. Strong, vibrant and particularly colour-intensive are also the shades of the colour family, which is composed of two sunny yellows, two refreshing greens and four pastel to dark reds. Fine gradations of white and light grey and a strong shade of black form an exciting addition to the colour palette and allow for strong contrasts or gentle accentuation.

The matt, smooth surface highlights the clear and intense colours, making them particularly expressive. Planea can be used to create a colour-intensive building envelope that brings a bright contrast to the surroundings.

Bergi Music and Art Primary School, Garkalnes Novads, Latvia. Architect: Ozola & Bula, Riga, Latvia. Photographer: Meraner & Hauser OHG/SNC, Bolzano, Italy.

Technical data

Panels

The panel is coloured through in grey.
Coating: Opaque

Panel format

Swisspearl Largo:
Maximum usable format 3050 x 1250 mm,
panel thickness 8 mm and 12 mm

For a detailed summary of the sizing and color options, please refer to our delivery program.

Colours

11 standard colours.
Special colours available on request,
all colours available with HR
coating on request.

Mounting

Visible on wooden substructure:
Screws with painted heads

Visible on metal substructure:
Blind rivets with painted heads

Invisible on metal substructure:
Undercut anchors

Technical data

Detailed information can be found in the DIM - "Design and Installation Manual Largo".
